# PARCIVAL

KWPN 1997

16.3 hands

Liver Chestnut

As a dressage horse, Parcival has had tremendous success in the FEI ring, competing undefeated at Prix St. George and Intermediaire 1 with his amateur owner in 2007, and garnering Horse of the Year honors in Adult Amateur Prix St. Georges for

USDF and KWPN All-Breeds. In 2008, Parcival showed exclusively on the highly competitive Florida winter circuit, making his debut in the CDI ring and finishing in the top 20 of the horses competing in the International High Performance division to qualify for the National Intermediaire Championships. Parcival finished his first Florida season as Markel Amateur Winter Dressage Champion for both Prix St. Georges (avg. 69.361%) and Intermediaire 1 (avg. 69.277%), and was USDF All-Breeds Horse of the Year at Intermediaire 1, Adult Amateur, for KWPN. Parcival is preparing to enter the Grand Prix ring.

Parcival and Amy remain in training with Michelle Gibson at the premiere facilities at Diamante Farms in Wellington, Florida, where they have been since early 2008.

Parcival is also very exciting for the jumper breeder. Both his sire and dam line have produced many successful Grand Prix and international jumpers, including half-brother Pavarotti (by Lancelot), currently successful in the

Todd Minikus and Pavarotti

Grand Prix ring with U.S. Team rider Todd Minikus, and Jeroen Dubbeldam's grand prix mount Nassau, who shares Parcival's damline (Jolanda).

Half-brother Hamar (Mythens x Tamara) is a KWPN approved stallion who also jumped successfully in the United States with USET rider Laura Chapot, and has sired successful grand prix jumpers such as Blue Danube.

Parcival's bloodline includes the legendary Preferent sires Voltaire, Nimmerdor, and Lucky Boy. Voltaire, himself an exceptional international showjumper, had the most offspring of any stallion at the 1996 Olympic Games. Voltaire was the U.S. "Hunter Sire of the Year" for 2001, 2002, and 2003, and is one of the top KWPN Jumping Sires with an index of 151 points.

Nimmerdor, named by the KWPN as Stallion of the Century, was ridden at international level by Albert Voorn with whom he jumped in various world cups and made an impressive appearance at several important international competitions in Berlin, Paris, Gothenburg, Dortmund and London. Nimmerdor has shown a very high degree of heredity reliability [94%] and has been rated very highly in the WBFSh ranking.

Voltaire

Parcival's athleticism and remarkable character and rideability have been passed down to him from his notable ancestors. He is intelligent, kind, and well-tempered, making him a nice stallion to handle, train, and show. Easy to be around in the stable and at competitions, and with eye-catching beauty, Parcival gets noticed everywhere he goes.
